“ So sorry to hear about the loss of your father. Thanks to you and your family I have no doubt you will save some lives because people will now take extra precaution when being in the water. This is happening a lot lately with stories about your Dad and others like the 12 year old girl. It's hard not to tear up because you went through this and you lost your Dad way too soon and in this situation. God bless and may your Dad rest in peace with the other Angels. Prayers for all of you!!

“ Dave and I went to what was then Memphis State. We would attend the football games and lo and behold when he picked me up he had a transistor radio (yes we are that old) so he could listen to UT play ball while we were st the stadium. I think, besides loving UT, he did it to rile me and it did. Even though we didn't see each other often when we did we picked up right where we left off. I miss you my dear friend of 50 years and I said it before thanks to Judy for sharing ! My love to all.
