“ You were always the one that I could confide in & you'd give genuine feedback to me. There wasn't a single time we didn't hug goodbye before we parted ways. I always perked up when you were in the same room. Kindred spirits I suppose! Thank you for being a solid friend that I could call on for protection, to confide in or just about anything. We all miss & love you!! Fly High & Never goodbye. Say hi to my sister & dad & Tasha! 💕

“ There are way too many memories to choose just one. You were there through both ups and downs and we made it through them. You played a pivotal role in what eventually saved my life. For that I will be forever grateful. Thank you for being my friend. Anytime I listen to Brabo Gator I will always think of you. See you on the other side. ❤️ BJ
