“ Oh my, I still remember a happy little girl running and playing with my daughters. So sorry to hear of her passing.

“ Oh gosh so many beautiful memories of good times and laughter with her. Being on the beach and getting buried up to my neck in sand by her and laughing until tears came out. Swimming in the ocean and floating down a river. Eating good food and talking and laughing on the porch, watching a Channing Tatum movie and giggling some more. Cooking with her and sipping coco by the fire. It was always so much fun to be with her and feel her gorgeous presence. She was my cousin but felt like my real sister. Words can't express how much I love her and will miss her. All my love and prayers to all that love and miss her as well. ❤️✨
