“ We love you Chad, but you know this. We miss you and will continue to miss you all the days of our lives. We will carry your memory always. We know in your heart of hearts that you never wanted or intended your family to be shut out. I know, this was not your wish, because I know you loved us no matter what, there is nothing that can't or couldn't be forgiven, because that is love. That is what it means to love. I know that what your really wanted was for everyone to get along. We find solace in the fact that we honored your true wishes.

“ There are so many memories it is hard to choose just one. What I think I am going to miss the most is the cocky grin. Chad you are gonna be missed terribly, and I know that your family is devastated by our loss of you. It is hard to believe that I will never see my Uncle again in this world but I hold on to the fact that your I and the rest of your family will be reunited with you in the next. Chad I love you and miss you
