“ Don Rose was a main stay for WMC Action News 5 in the mornings. He watched and would post every morning on my Facebook page, There were days he would make sure and ask if I was ok (I had the day off) and would ask me questions about people and various stories we covered. He cared so much about our product, our well being and what he was seeing.

However, I could tell he care more about us as people. He would send me direct messages asking about me, my family and if everything was okay while I was on vacation and taking my daughter on college visits. Through those messages he would tell me about his involvement with FedEx, The golf tournament and his observations in retired life.

When Jimmy Russell told me he passed away...it took the wind out of my sails. I wasn't right the whole day. I said a prayer for him right then and there. My thoughts and prayers are with you and his extended family. I am thankful to have known him and honored he watched us in the morning.

God Bless you all.

“ Words cannot express how sorry we are for the passing of Don. We have been friends for over 30 years. We watched our kids grow up together, enjoyed all the laughter at cookouts and golf outings. We love you Don and we will hopefully see you on the other side. We will miss your laughter and quick wit. Most of all, we will miss your friendship. Rest In Peace my friend. Much love, Mick and Sue McKenna

“ A nextdoor neighbor, golfing buddy and friend, the good memories are too numerous to count. He enjoyed having people over for a party. The SuperBowl was always a huge event at his house. He enjoyed seeing others succeed. He got more excited about any good shot I might hit than he did about his own. He was a loving father proud of his greatest accomplishment in life.....his two girls. He will be missed, not just by his friends..... but by those he did not know who will have one less smiling face to lift their day and give them hope for a better future. He was one of a kind in so many ways.

“ I remember the first time Don and I met.

My bicycle was my primary mode of transportation at age 14 and I'd ridden it to the Rose house to meet a friend who was going to introduce me Melissa and JJ and maybe another friend or two. In order to look cool I wore my denim jacket (in late Spring). When Don and I were introduced he noticed the jacket and said, "Well, aren't you hot wearing that jacket on your bike?" I said not really and Don said, "Nice to meet you!"

Hard to believe that was 33 years ago!

I will always remember Don as the guy with the cheerful hello and a smile everything I saw him at FedEx.
