“ I changed school in 2nd grade. I felt like a complete outsider at my new school. I seen this larger than life kid that really stuck out. I was tiny, afraid of everyone. Garth walked right over to me, we talked for 2 minutes, then we were friends for life. We were both odd kids, but we had a perfect friendship between us.
I moved back to Oswego in 5th grade. We stayed in touch, but would go years without seeing each other. When we would cross paths, it was like a day was never missed.
Garth was a gentle giant! Soft spoken voice, always smiled, but u knew better than to challenge or cross him.
Just last Monday I was thinking of how I was going to greet him next time I seen him. The very next day I found out he had passed.

Garth was my friend!

I'll see u in the other side my dear old friend!!!

“ Garth was a wonderful personality. We are so grateful to have known and worked with him and loved him. He was our surrogate son who worked for us at McKeever's Corner and housesat for us when we got to leave town for a while. We really had to stock the freezer! Garth visited our son, Tim, whenever he was in Yorkville, and that meant so much to us. Garth was loved and will be missed. Our love to his grieving family.
