“ *Lucille was an intelligent, remarkable woman who I have loved for as long as I can remember. She was my mother Annis Gregory Stout's first cousin. They grew up close to each other in Zama Mississippi. Our family visited with Aunt Lucille, as we called her, many times when we were growing up. She always welcomed us with a big smile and delicious meals. I loved listening to her stories about her life. She had an incredible memory and was very knowledgeable about geneology of our family. I greatly admire the way she faced adversity in her life. I am so glad that I had the opportunity to visit with her a number of times over the years. I will always remember her with love.*

I will miss you so much Lucille. I'm from the Winters and Peeler side of the family. My great grandmother was Susan Jane Peeler. When my grandmother Fern Rutledge Winters passed away in 1979-we became acquainted when she was helping with the Peeler Book. We met in Kosciusko in 79'. She and husband George did it up right and showed my Dad and I all things Peeler. She was very instrumental in my love for geneology. We became long distance friends. But more than that-just to be able to talk with her was such a privilege for she was the last of my Dads generation who had such a passion for family and I will be forever grateful.

My condolences to your family. She will be greatly missed. Susan Winters Roszell.
