ES

“ Her love of everything in fur or feathers is among the first things she would say about herself. She loved her various pets down the years. A member of St Matthew’s Methodist Church since 1949, she was in the choir and participated in church activities as much as possible, even as she advanced in years. She was a stalwart friend of the local Salvation Army. For some years she organized an annual bridge tournament to raise money for Salvation Army programs. Margie ran her course, fought the good fight, and kept the faith. She is much missed. May she rest in peace.

Aunt Margie was a beautiful, smart, compassionate lady. I will miss her. She was an airline stewardess for American Airlines. She was a teacher and a counselor. She was the last of her six siblings to pass away. There will never be another like her!!!!
