“ Loved my 1st cousin on his Mother’s side (Mullins)...He was so much fun while growing up around Boyle, MS. They lived in Memphis a lot but summer’s he would visit grandma (Gertrude Green Mullins). Two of my favorite memories were one in which, “Santa” was trying to come for a visit and we snuck out of bed to watch and he walked into the room and his mama dropped everything and said “well, here it is!!! Ha ha...He loved being with our cousin Kenny...Kenny lived in Kansas and would visit during the summers also. Ronny would always sneak matches out of the house! He loved making a fire!!! He and the cousins caught the grass on fire one time!!! He was fun-loving, michieveous, but on so much fun. I’m so glad we stayed in contact with each other. A part of my childhood died with him...
