“ *Sean,
Our life with you could not be measured by the years we had together, but the deep love we shared as a family. From an early age we loved your smiling personality and jovial, loving laugh. You were honest and loyal to all and had many long time friends because of your kindness. I felt you were one of my best friends and looked forward to your weekly calls to check up on us and just talk. Loved how you shared everything about Coleman and Carson keeping us in the loop & part of your special family activities. You were such a good father always teaching, encouraging and joyfully guiding them to their best potential. We made many memories especially our time in Fairview together and whopper fishing trips. We were so blessed to have you as our son. You were Loved so much!! ❤️🐾*
