“ Shirley was always the life of the party. She could always light up the room even when we were working with just her smile and with her personality. She could a bad day look good. I hung out with Shirley for years and never had a bad day with her. Shirley will be dearly missed. God blessed her. Love her always.

“ Shirley was always fun to have around. She worked and was a very close friend to my sister, then I got to know her, she was such a sweet peron. The last few years of her life I got to know her better. Even when she was feeling the best she always called to check on my health. My prayers go out to the family.

“ Gma as we very fondly called her, because as she said "Grandma's are old and she will always be a young foxy lady". She taught me so much about life, respect, and how to have fun. I will forever miss and cherish her!
