

William Pease

March 5, 1947 - August 6, 2021

William Terrel Pease; best known as Uncle Bill. He arrived in this world on March 5, 1947 and has been a force to recon with ever since. This man has truly been loved by so many, He adored everyone and never forgot a face. Wherever he went he was a breath of fresh air, a ray of sunshine or perhaps a hurricane on the horizon, because something wasn't going the right way. He loved his God, and his Catholic church with all his being. He always had a childlike heart for everyone he endured. Memphis was his playground and if you were lucky enough to have had the pleasure of really knowing this man, you are truly sad this day; August 6, 2021. He died of complications to pneumonia, called Covid.

He was a fierce salesman for most of his life and spent the last twenty years as a liaison between Shelby County Schools and Well Child.

Uncle Bill is predeceased by not only his parents, but a sister Connie and two brothers Warren and Tom.

He is survived by his sister, Mary Kay O'Toole. He leaves his daughter Wendy Rios, her husband Raul and his beloved grandchildren Eduardo and Sophia whom he adored.

He leaves behind an entire family at Well Child. Those were his people! He

saw NO color, No Religion, and the further away they came from the better it was for him. He lived for each and every one and their families. He could not get enough. He was everyone's go to person if they needed anything, no matter if it was a recipe or a car jump, an errand they needed ran or even a meal cooked for you he was the one to get it done and happy to do it. It was Bill that helped choose a paint color or the right flowers for your home. He was the one you called to get the correct information when it came to electric, plumbing, windows, or even gates. He was a wealth of information. The children of this family were always top priority for him. He treated them all as if they were his own. He will truly be missed.

He is also survived by a huge family and known as the "Favorite Uncle" in most of our homes.
